Carbojet 40-200	Soft media, 2.9Moh scale. Excellent for graffiti removal, industrial cleaning and coatings removal.	68121

ARMEX® SODIUM BICARBONATE	PRODUCT DESCRIPTION	PRODUCT CODE
<b>Hydroflex Formula XL</b>	Designed specifically for use with pressure washers and the WADU Soluble Media Injector. Hydroflex combines our largest crystals and standard moisture control system with our patented grease and oil removal technology which allows you to actually remove it rather than just move it around.	69061
<b>Maintenance Formula</b>	Manufactured using our medium sized crystals and our standard moisture control system, MoistureGuard™ 2, absorbs moisture before it can create flow problems. The XL crystals are the most aggressive and ideal for most paint removal applications.	69021
<b>Maintenance Formula XL</b>	Formulated using our largest "XL" crystals and our standard moisture control system, MoistureGuard™ 2, controlling moisture by absorbing it before it can cause flow problems. The "XL" crystals are the most aggressive and ideal for most paint removal applications.	69221
<b>Profile Formula XL</b>	Manufactured with the "XL" crystals, our standards moisture control system and 10% 70 grit hard abrasive. It typically provides a 25% increase in productivity, white metal finish and 1.5 – 2.0 mil profile	69311
